INTRAMURAL SPORTS FAQS

What are Intramural Sports?

Intramural Sports are a level of competition offered by most colleges and universities. It is where students, faculty, and staff can form teams in various sports and internally compete against one another. Some intramural sports offer an opportunity to play other schools when they compete in a state wide tournament.

How do I form a team?

First, you must register through imleagues and create a student profile. Then, gather some friends together to form your team. Don't worry if you cannot find an entire team, imLeagues offers a "Free Agent Board" to assist you.

Is there a fee to sign-up for an Intramural Sports team?

No, there aren't any fees to sign up for an Intramural Sports team. The Recreational Sports Department funds every sport offered through Intramural Sports. The only thing that is required is a current UL Lafayette ID.

Who is eligible to play intramural sports?

Any UL student, staff, or faculty with an active ID.
